The Family Referral Service (FRS) brings together families, support services and community resources so that our children and young people are safe and well.

We work with all services to find out what best supports young people and families and their children, and what we can do to improve our community resources.

If you are a young person or a family with children, or an extended family member, we will listen to your needs and refer you to the right service, which could help you with:

- Domestic violence experiences
- Housing or accommodation access
- Financial assistance
- Counselling and mediation
- Parenting struggles
- Mental health concerns
- Finding culturally appropriate support

There are many other services that you might need and we can help you to find them.
